Subject: Complaint Regarding a Faulty Clothing Item

Dear Sir/Madam,

I am writing to complain about a clothing item that I purchased from your store on 10 May 2026. I visited your shop to buy a formal dress for a family function and selected a shalwar kameez set worth PKR 3,800 because it appeared to be of good quality.

However, after returning home and examining the dress properly, I noticed several defects in it. The stitching on the left side of the shirt was loose and partially torn. In addition, there was a visible discolored patch on the front side of the fabric. I also observed that the cloth near the collar was weak and starting to tear. These issues show that the dress was faulty at the time of purchase.

I am therefore requesting either a full refund or an exchange for another dress of the same value and quality. I still have the purchase receipt and can return the faulty item whenever required.

I hope this matter will be resolved as soon as possible. I would appreciate your response within the next few working days.

Yours sincerely,

Hanan Ashraf
